

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION
FINAL UTILITY ORDERS

Selected for Publication
October 1998 Orders

October 8, 1998

*In the Matter of the Petition of U
S WEST COMMUNICATIONS,
INC. for Competitive
Classification of its 1-800-
4USWEST Calling Service*

Docket No. UT-980630

Second Supplemental Order

ORDER GRANTING PETITION FOR COMPETITIVE
CLASSIFICATION

The “relevant market” for purposes of competitive classification determinations is the applicant’s service territory; that is, in this case, customers in Washington State to whom the applicant offers the service as to which competitive classification is sought.

October 14, 1998

*WUTC v. U S WEST
COMMUNICATIONS, INC.*

Docket No. UT-980340

Order Granting Summary
Determination

ORDER REQUIRING IMPLEMENTATION OF 1+ TOLL
DIALING PARITY

The Commission may summarily require intraLATA toll dialing parity without predetermining the rate impacts of potential customer behavior and resulting revenue shifts; any demonstrated revenue deficiency experienced as a result of implementing intraLATA toll dialing parity may be brought before the Commission in a separate proceeding.

October 30, 1998

ORDER REJECTING TARIFF FILING

*WUTC v. Washington Exchange
Carrier Association, et al.*

Docket No. UT-971140

Fifth Supplemental Order

Filings to meet the Commission's requirements under its Eighteenth and Nineteenth Supplemental Orders in Cause No. U-85-23 and under WAC 480-80-047 must be supported by actual results of operations data for the year immediately preceding that in which the filing is made, including appropriate *pro forma* adjustments.

A party's failure to supply pertinent information and data timely requested by Staff and considered essential to the Commission's review of proposed tariff revisions may constitute grounds to reject a tariff filing.
